Motive: 75th anniversary

Mr Sean L. CALLAHAN

Crs President

228 West Lexington Street
Baltimore, MD 21201-3443
USA

Dear President,

On behalf of the diocese of Kole in the Democratic Republic of Congo, I would like to express, at the occasion of the 75th anniversary of your organisation, our best wishes of success.

In fact, my diocese has build a very fruitful partnership with CRS, especially last year wherby the SAINÉ project is being implimented among a very desparate people in a rural and remote zone. It consists in empowering them and improving their capacities in growing and farming, and it has brought a very great impact in their life style in a very short while.

Thus, I'm grateful to you and to the whole organisation for your commitment for the promotion and betterment of the people all over the world.

Then, you can be assured of my humble prayers for the progress that is being brought about , and and hoping to see our partnership improved.

† **Emery KIBAL N. MANSONG'LOO, CP**
